

REALIZATION OF PROJECTS IN THE FORM OF GENERAL DELIVERY

PROFILTR

PROFILTR

- Production, supply, and installation activities in the field of deliveries:
 - Filtration equipment and related peripherals.
 - Machine and equipment technologies for use in foundry and steelmaking operations.
 - Construction activities related to the delivery of technologies.
- General contractor activities, securing subcontracting, coordinating activities, and supervising construction.
- Design and engineering activities in the delivery of technologies, industrial constructions, and buildings.
- Design, production, and supply activities in the field of machinery and equipment, as well as steel structures.

ŽELEZÁRNY ŠTĚPÁNOV

- **Public Contract:** Reduction of Fugitive Emissions in the Foundry of Železářny Štěpánov
- **Client Identification:** Železářny Štěpánov, spol. s r.o. Štěpánov nad Svratkou 281, 592 63 Štěpánov nad Svratkou
- **Brief Description:** Substructure construction work, Construction of production halls, Installation of production technology, including a melting shop with a rotary gas furnace, Dust extraction and capture systems, Air conditioning systems, Control systems, etc.
- **Total Financial Volume:** Approximately 120,000,000 CZK (excluding VAT)

PROMET FOUNDRY

- **Public Contract:** Environmental Modernization of Promet Foundry in Vsetín
- **Client Identification:** PROMET FOUNDRY, Jiráskova 1327, 755 01 Vsetín
- **Brief Description:** Substructure construction work, Reconstruction of production halls, Installation of production technologies, including hall cranes, paint shops, dust extraction and capture systems, air conditioning, control systems, etc.
- **General Technology Delivery:** Approximately 210 million CZK (excluding VAT), executed by PROFILTR.
- **Total Financial Volume:** Approximately 390 million CZK (excluding VAT), general contractor IMOS.

MORAVIA TECH FOUNDRY

- **Public Contract:** Reduction of Particle Emissions in the Precision Casting Foundry of MORAVIA TECH, a.s.
- **Client Identification:** Moravia Tech, a.s. Dvorecká 521/24, 620 000 Brno – Tuřany.
- **Brief Description:** Substructure construction work, Construction of production halls, Installation of production technology, Dust extraction and capture systems, Air conditioning systems, Control systems, etc.
- **Total Financial Volume:** Approximately 32,000,000 CZK (excluding VAT)

METALURGIE RUMBURK FOUNDRY

- **Public Contract:** Modernization of the Metalurgie Rumburk Foundry
- **Client Identification:** Metalurgie Rumburk s.r.o., Žitná 15,
408 01 Rumburk
- **Brief Description:** Substructure construction work, Construction of production halls, Installation of technology for molding sand regeneration, Shot blasting of castings, Paint shops, Hall cranes, Dust extraction and capture systems, Air conditioning systems, Control systems, etc.
- **Total Financial Volume:** Approximately 249,000,000 CZK (excluding VAT)

UNEX FOUNDRY

- **Public Contract:** Innovation of the Manual Molding Shop – Sand Regeneration, Including Dust Extraction, Stabilization, and Molding Shop Logistics
- **Client Identification:** UNEX a.s., Brníčko 1023, 783 91 Uničov
- **Brief Description:** Delivery of technological equipment for foundry operations, including sand return transport, regeneration, sand distribution to the molding shop, and molding shop technology
- **Total Financial Volume:** 64,625,678 CZK (excluding VAT)

UNEX FOUNDRY

- **Commercial Contract:** Delivery of a CLANSMAN DYNAMICS Grinding Manipulator
- **Client Identification:** UNEX a.s., Brníčko 1023, 783 91 Uničov
- **Brief Description:** Grinding manipulator supplied by CLANSMAN, Grinding cell, Filtration station, Construction coordination and complete assembly from in-house production
- **Total Financial Value:** 24,000,000 CZK (excluding VAT)

HEAVY MACHINERY FOUNDRY

- **Public Contract:** Molding Shop Dust Extraction NS 330 – VÍTKOVICE
HEAVY MACHINERY a.s. Foundry
- **Client Identification:** VÍTKOVICE HEAVY MACHINERY a.s., Ruská
2887/101, 703 00 Ostrava - Vítkovice
- **Brief Description:** Supply of filtration equipment for the foundry
operation for the return transport and regeneration of sand, sand
delivery to the molding shop, and dust extraction from the mixers.
- **Total Financial Value:** 15,902,000 CZK (excluding VAT)

VÍTKOVICE FOUNDRY

- **Public Contract:** Manufacture, Supply, and Installation of Filtration Equipment for Dust Extraction in Foundry Operations, Melting Furnaces, Sand Management, Shot Blasting Machines, Burning and Welding Workstations
- **Client Identification:** Vítkovické slévárny, spol. s r.o., Halasova 2904/1, 706 02 Ostrava – Vítkovice
- **Brief Description:** Manufacture, supply, and installation of filtration equipment, including power distribution panels, control systems, automated workstations, dust extraction equipment for furnaces, steel structures, and other related items.
- **Total Financial Value:** 14,488,858 CZK (excluding VAT)
